

IEC Report Approved

On Wednesday, Convention delegates approved the International Executive Council Report.

IEC Report Committee Chairman John Chalovich, Local 5, told delegates the committee carefully reviewed and considered the contents of the report, which covers the period from July 1, 2001 to June 30, 2006.

“We believe the IEC has fulfilled its Constitutional responsibilities with distinction,” Chalovich said. The Report Committee noted an amendment to the report regarding the 2003 appointment of an IEC member to fill an unexpired term.

Commending the IEC “on its diligent discharge of its duties,” Chalovich said the committee recommended approval of the report and delegates concurred by voice vote.

Report Committee Secretary Joseph Casey, Local 490, introduced the other members of the Report Committee.
